Feedback

" Everything was perfect. Both my family, children and grandchildren had a truly wonderful week. We have traveled together before, but agreed that this will be hard to beat. I can not come up with suggestions for improvement, everything was perfect. Thank you for your attention and excellent service from the initial dialogue for almost 1 year ago. We like Mallorca and I hope we will meet again. "

The Family Kaltoft, Denmark

" The villa is of very high quality and lovely spacious. If we are going to repeat a family trip next time, we would all like to go to your lovely house, it has everything you could ever wish for and fits perfectly with our family . We would like to repeat and have already recommended your villa. "

The Pedersen Family, Denmark

" We have had a wonderful holiday. There are only positive things to say about the information, the holiday and your helpfulness. This place is perfect for a 3 generations holiday. We were especially pleased with the kitchen and outdoor kitchen and have not eaten inside at the dining table once. We have made exciting food on the grill almost every night and was very pleased address of the fish shop in Porto Colom. It was our first visit to Mallorca, but we would certainly like to repeat. "

Nielsen, Denmark

" Just wanted to say that we very impressed by Mallorca and your Villa, the situation and facilities. We would love to come back some day :) "

Manuel, Norway

" We have had a lovely week in your beautiful house. It fully exceeded our expectations ! Total privacy and with views towards the sea. We enjoyed the covered terrace and pool - both day and night. The table tennis was also a hit. Your driving instructions made it very easy to find our way to your villa. We now all have some unforgettable memories of Mallorca."

Birgitte, Denmark

" Thank you for allowing us to stay at your beautiful villa. We had a great time and well relaxed before we moved on again. Some suggestions ! Difficult because the information in the house hand book and the service provided by your self was far superior to what we have experienced in Europe and Mallorca. You already do such a excellent job in comparison to your competitors you should be proud. Thank you once again and when we come back we would certainly look you up for availabilities."
